DELIMITATION COMMISSION, INDIA

NOTIFICATION

New Delhi, the 11th April 1974

S.O. 249 (E).—In pursuance of clause (a) of sub-section (2) of section 9 of the Delimitation Act, 1972 (75 of 1972), the Delimitation Commission hereby publishes it proposals for the delimitation of parlimentary and assembly constituencies in the State of Karnataka together with the distenting proposals of the Associate Members and specifies 15 May, 1974, as the date of or after which the proposals will be further considered by it.

Any objections or suggestions in regard to these proposals should reach the Secretary, Delimitation Commission, 'Nirvachan Sadan', Ashok Road, New Delhi (PIN-110001), before the said date.

Proposals

- (r) The territorial constituencies into which the State of Karnataka shall be divided for the purpose of elections to (a) Legislative Assembly of the State, and (b) the House of the People and the extent of each constituency and constituencies which are reserved for the Scheduled Castes and Scheduled Tribes, shall be as shown in the Tables A and B, respectively;
- (2) Where the name of a constituency as shown in Table A or Table B is distinguished by the brackets and letters "(SC)", the seat in that constituency is reserved for the Scheduled Castes; and

(3) Where the name of a constituency shown in Table A is distinguished by the brackets and letters "(ST)", the seat in that constituency is reserved for the Scheduled Tribes.

Dissenting Proposals

Γ

8-BANGALORE DISTRICT

- 1. The working paper has provided for 25 Assembly Constituencies whereas, the district should have 26 seats as the average works out to 25.75.
 - 2. Bangalore District also includes Bangalore City Corporation area:—
 - (i) Population of Bangulore City Corporation is 15,32,992. The number of seats comes to 11.80 i.e. 12,
 - (ii) Population of Bangalore District is 18,32,523.

The number of seats comes to 14:49 i.e. 14.

- 3. Hence Bangalore District cannot have less than 26 seats. Any other district, which get i eas than the average of 73 in fixing the seats could be reduced by I sent and not Bangalore District
- 4. According to the working paper, Somapura and Thyamagondlu hoblies of Nelamangala Taluk have been included in Koratagere Constituency of Tumkur District. This combination is beset with the following difficulties:—
 - (a) There is no direct road communication between the two taluks of Thyamagondlu and Somapura and Koratagere. There are either cart tracks or foot-paths. People have to go on the Tumkut Road via Tumkut Taluk to Koratagere.
 - (b) The distance from Someonta to Koratagere is 15 miles and from Thyamagondlu to Koratagere is 20 miles. The village people of Thyamagondlu and Somapura have to travel 15 to 20 miles to contact their Constituency Member of the Assembly.
- 5. The working proof has provided for Migidi Constituency (No. 95) 1,13,959 only which a less than 1,16,495 the minimum calculated for each Constituency.
- 6. The working paper has included Madatre Hobli of Doddaballapur Taluk in Yelahanka Constituency of Bangalore North Taluk. There is no direct communication between Yelahanka ad Madhure. People during election have to travel nearly 10 miles to reach between one or the other place in the Constituency.
- 7. Taking all those aspects into consideration, 26 Constituencies have been delimited in Banalore District as indicted in the enclosure, keeping in mind the following factors:—
 - (a) The structure of the Revenue Taluks is retained wherever possible and only minimum additions have been made from the adjoining Taluks, keeping in view Contiguity Communications.
 - (b) Communication facilities and contiguity of Taluks and Hoblies.

- (c) The belt areas of the City which are notified already or which are under consideration for notifying for inclusion in the Bangalore City Corporation are included in the City Constituencies contiguous to these areas.
- (d) The population figures of each Constituency have been retained between the lower and upper limits provided in the working paper excepting in one Constituency (Cubbonpet) where the upper limit is exceeded about 1600.
- (c) While naming the Constituencies as far as possible names of foreign nationals have been omitted.
- 8. There are three Revenue Sub-division and one City Corporation area in the district. It is, desirable, reasonable and fair that reservation of seats for Scheduled Castes should be done on the basis of one Reserved Seat in each of the three Sub-Divisions and one in the Corporation area. Taking into consideration the percentage of S. Cs. in these three Sub-Divisions and the Corporation area, the Constituencies in the order of priority are as follows:—

| (1) Anekal , | | | | | | • | | | 27.01 |
|-------------------|---|---|---|---|---|---|---|---|---------|
| (2) Frazer Town . | • | • | | | | | | | 26-64 |
| (3) Devanahalli . | | | | | | | | | 22.30 |
| (4) Uttarahelli . | | | | | | | | | 21-75 |
| (5) Vartur . | | | | | | | | | 21-13 |
| (6) Hoskote . | • | - | - | | | | | | 20.32 |
| (7) Nelamangala | | | | , | | | • | | 19.55 |
| (8) Yelahanka | | | | | | | | | 13.77 |
| (9) Doddaballapur | | • | | | | | | | τ9.33 |
| (10) Kudur . | | | | | • | | • | | 13.32 |
| (11) Magaji . | | | | | • | • | | • | 17.31 |
| (12) Satuur . | | | | • | ٠ | | | | 15-75 |
| (13) Ramanagaram | | | | | | | • | | r 5- 32 |
| (14) Kanakapura . | - | | | | | | • | • | 15.21 |
| (15) Channapatna | | | | | | | | • | 13.05 |

9. Based on the suggestion that the 4 Reserved Constituencies in the District should be distributed one each in the three Sub-Divisions and the Corporation area, the following four constituencies could be determined as Reserved Scats:—

| (1) Bangalore Sub-Division—Uttarahalli | • | • | 21 · 75 |
|--|---|---|---------|
| (2) Bangalore City Corporation—Frazer To vo. | • | | \$6. 2t |
| (a) Ramanagaram Sub-Division—Satanur | | _ | 16 05 |

| Defects | | | • , | 7. | | | |

- (1) The population largest fixed for Mandya District is that the Maximum should not exceed 1,21000/- and Minimum should not go below 1,15,000 in any constituency. This principle is violated in both the proposed constituencies.
- (2) The areas are not evenly distributed. Hence, the following proposals, as mentioned in the enclosed sketch may kindly be adopted for reasons, obvious and otherwise.

15-SHIOGA

■. Channagiri Assembly Constituency

The existing constituency according to 1962 Delimitation Committee Report Comprises of :--

- Channagiri Town
- Channagiri Kasaba
- Santhebennur Hoble and
- Villages of Basavapatna Hobli

Uhrani Hobli should be in the Channagiri Assembly Constituency:

Prior to 1962, Ubrani Hobli of Channagiri Taluk was included in the Bhairavathi Assembly Constituency. Barlier to this it had been added into the Tarekere Assembly Constituency of Chikmagalur District. In view of public representations and demand of the people of the area, the Commission visited Bangalore. Public bodies and institutions of Channagiri and Uhrani Hobliurged the Commission to include Ubrani Hobli in the Channagiri Assembly Constituency in view of its geographical contiguity and compactness of the Channagiri Assembly Constituency. The Commission agreed to the demand of the local people and included Ubrani Hobli in the Channagiri Assem bly Constituency.

Ubrani Hobli is a hilly area. The only road to all its villages is from Channagiri. Its entire communication is from Channagiri. It is a part of the Charragiri Taluk. It is geographically contiguous and with its retention the Channagiri Assembly Constituency will be compact. Therefore, in view of these facts, Ubraul Hobli should remain in the Channagiri Assembly Costituency.

II. Holehunnur S. C. Constituencies

Fasavaptna Hobli should be in the Holehonnur S.C. Constituency.

Basayapatna Hobli of Changagiri Taluk had been included in Honnali Assembly Constituency according to the 1962 Delimitation of Assembly Constituencies.

It is suggested that Basavapatna Hobli, 1st and 2nd circles excluding the villages of (1) Nalakudre (2) Navilchalu (3) Mainpura be included in the Holehunnur S. C. Assembly Constituency. The reasons are that all the villages of Basavapatna Hobli 1st and 2nd circles except those of Nalakudre, Navilehalu Main oura are adjacent to and contiguous with Holehoupur Assembly Constituency.

Secon lay the population of Schelluled Castes and Scheduled Tribes is also substantial in this Hobli.

Davanagere to Bhadrabe the line of demarcaand Holehonnur S. C. Constituencies.

Thirdly, the Main Road from Davanagere to Bhadravathi will vathi Main Road should form a clear line of demarcation between the Assembly Constituencies be the line of demarca- of Channagiri and Holehonnur. All the villages of Basavapatna Hobli tion between Channagiri except those of Nalakudre, Navilehalu and Mainpura will be on one side of the road alongwith Holchonnur villages and all the villages of Channagiri alonwith Nalakudre, Navilchalu and Mainpura will be on the other side of this Road.

SOUTH KANARA DISTRICT

(Parliamentary Constituencies)

r. South Kanara District now by itself has 15 Assembly constituencies therefore, if one constituency from any neighbouring districts is added to it, there will be 2 Lok Sabha Constituencies in the District, instead of doing this, the tentative proposal has been made to include 3 Talukas of Coorg District in Mangalore Lok Sabha constituency and remove 2 Assembly constituencies from Udipi Lok Sabha Constituency and add them to Chikkamagalur District. There is no rhyme or reason for this proposal. Therefore, we propose that No. 152 Sringeri Assembly constituency of Chikkamagalur District, which is adjoining to Kerkal taluk, to which it is connected by roads and which has close affinity with South Kanara district may be included in the Udipi Lok Sabha Constituency so that the 16 Assembly constituencies may be remed into 2 Parliamentary constituencies.

We also suggest that the 3 Assembly constituencies of Coorg may be added to Hassan Dist. which are adjoining to it. The 3 Assembly constituencies of Hassan District namely No. 103 Aroskire No. 129 Belur and 131 Gondasi which are adjoining to Chikkamagalur Dist., may be included in the Chikkamagalur Lok Sabha Constituencies

The District of Coorg, Hasan and Chikkamagalur are Malanad districts which are simila in topography and culture. They are all having common economic and development problems Hence this change is suitable and convenient to all concerned.

18.38% Proposals regarding the extent is accented. Madhure hobli of this instead of attaching to taluk Yelahanka constituency has been recommended to be attached to Nelamangala constituency as at constituency is present. This throughout a General constimency. The S.C. population asper 1971 census is 18-38% This assembly constituency and the Assembly consti-Nelamangala meney have now been proposed to come under Chickballapur parliamentary constituency. According to the altered extent now proposed the SC population of Nelamangala is 10.71%. Nelamangala constituency was once from 1957 to 1967 was Reserve constituency and hence the pext highest SC percentage is 10 Dodoaballapur and this may be made a Reserve constitatency for the next term.

> Alternately if the proposals of the Delimitation Committee With respect to Nelamangala constituency is to be accepted, then the SC population of the Nelamangala constituency is 18.38% which is same as that of Do ballapur constituency and hence the proposals of makiog Do hallapur a Reserve constituency in place of Nelamangala holds good. On either case, Doddaballapur should be made Reserve since at no time it has been a Reserve Constituency.

f

29101 130478 7912 1021

138390

21.76% 30122

As per the Delimitation proposals 18 villages of Sulibele Hobli of Hoskote Taluk have been attached Devanahalli constituency, Now it is proposed that out of .18 villages 14 villages mentioned above be attached to Devanahalli constituency, with this addition the S.C. population of Devanahalli Constituency Will be 21-76% and that of Hoskote constituency the S.C. Population will be 21 79%

The Devanahalli constituency was a past of double member constituency with Yelahanka in 1952, and also it was a Reserve constituency according to 1956 delimitation for a term of 10 years. Where as Hoskote constituency was orly once in 1952 Was a part of doublemember constituency and afterthen it is a General constituency.

These two constituency come unper Hoskote Parliamentary constituency and hence for the reasons stated above the Hoskote assembly constituezcy be made. Reserve and Devanahalli constituency be maje General for this term.

Note:

Reasons for the changes .--

⁽¹⁾ North Kauara District is a hilly District and is naturally divided by nature into two parts by ranges of Sahyadri. 'The Eastern part which is called the Upghat area consists of Supa, Haliyal, Yellapur, Mundgod, Sirsi, Siddapur and Western part which is called Below-Ghat or Coastal area

consists of Karwar, Ankola, Kumta, Honnawar and Bhatkal. There are only four all-weather motorable roads connecting the Eastern area with the Western area, viz.,

- (i) Sadashivghad—Londa Road connecting Supa and Karwar;
- (ii) Hubli-Karwar Road connecting Yellapur and Karwar and Ankola;
- (iii) Sirsi-Kumta Road connecting Sirsi and Kumta; and
- (iv) Bangalore-Honnawar Road connecting Siddapur and Honnawar.

But for these four roads, there is no other means of communication because of the hilly terrain and the peculiar topography of the District. In the existing Ankola, Constituency, for instance, the approach from Sirsi to Ankola or Gokarn was only Via Sirsi—Kumta Road. It resulted in lot of inconvenience to the candidates at the time of Election and the member, while nursing the Constituency. This difficulty was pointed out last time also but somehow it was overlooked.

- (2) In the proposed delimitation, grouping has been made without taking into consideration the practical difficulties and the geographical conditions of the District. For instance, two circles of Sirsi Taluka and one circle, namely, Yellapur circle of Yellapur Taluka, have been included in Ankola Constituency. There is no road connecting the two Circles of Sirsi taluka with Ankola Taluka and in between stand thickly wooded Sahyadri hills.
- (3) According to the proposed delimitation, while Yellapur has been added on to Ankola Constituency, Manchikere Circle of Yellapur Taluka is included in Haliyal Constituency. There is no contiguity between Haliyal Taluk and Manchik ere Circle. If one has to go to Manchikere from Haliyal, the only way is Via Yellapur. The proposed changes make the Constituencies more compact and provide with between accessibility.
- (4) The population is also more equally distributed. Whereas, according to the proposed delimitation, the minimum population is 1,31,543 (Bhatkal Constituency) and the maximum population is 1,51,164 (Haliyal Constituency). According to the changes proposed, the minimum population is 1,31,543 (Bhatkal Constituency) and the maximum is 1,48,039 (Haliyal Constituency).
 - (5) Two Constituencles remain as proposed viz., Bhatkal and Kumta.
 - (6) Changes are proposed in respect of the remaining four Constituencies.
 - (7) No Revenue Circle has been split.
- (8) The proposed changes have been made taking into consideration geographical contiguity, means of communication, natural and practical difficulties, administrative connection and fairly equal distribution of population,
 - (9) Consequential changes may be made in Kanara Parliamentary Constituency.

18.BELGAUM DISTRICT

The Delimitation Committee has proposed to transfer certain villages of the present Hukkeri Constituency viz. Yamakanamaredi, Nastiholi and Gudaganatti to Sankeswar Constituency of Hukkori. And in order to maintain the population strength in Hukkeri constituency it is being proposed to join certain villages of Chikhodi taluka viz., Jaganur, Mamadapur, Vijayanagar, Kabbur, Belgali, Hanchinal and Karagaon.

In my opinion the proposals made to add the village namely Jaganur, Mamadapur, Vijayanagar, Kabbur, Belgali, Hamchinal and Karagaon from Chikkodi Taluka to Hukkeri is impracticable as the distance from the village Belagali to Gutaguddi is 60 miles. It is will be more onconvenient from the point of representation, and also voters and transport. Instead of this the Hukkeri Constituency may be kept as it is and the proposed transfer of villages from Hukkeri constituency may be dropped.

Secondly the villages namely, Hattarawat, Bidaroli, Wadral, Khajagoundanahatti, Mahalatti, Naganur, Nugali from Chikkodi taluka may be attached to Sankeswar Constituency since they are so near to Sankeswar and have close contact with Sankeswar which is more feasiable and practicable in all fairness.

Kindly the same should be accepted, it being more practicable.

By the above proposals the population of the Hukkeri constituency will be as follows:

| By 1971 Census existing po | pulat. | ion | | | Sankeswar | IIukker ı |
|----------------------------|--------|-----|--|--|-------------------|------------------|
| By above proposals add · | | | | | 1,16,031 8,671 | 1,24,896 Nil |
| | | | | | 1,24,702 | 1,24,896 |

19. BIJAPUR DISTRICT

I have gone through the proposals of the Delimitation Committee of the Assembly Constituences coming under Bijapur parliamentary constituency. As the changes made in the proposals are inconvenient and non contifueus. The Revenue circles are not kept in fact and the break up of the villages are not proper. The proposals made in regard to Balloli(SC), Indi. Sindgi and Muddebihal are perfectly correct and the other constituencies which have made in such way which will be cinconvenient to the Public at large. Breaking up the villages from the revenue circles are not also in tact Geographically and also it will be inconvenient to hold the elections to the officials as well as to the public.

Formarly the below mentioned constituencies were likewise:--

- Tikota · · · · Bijapur taluka (excluding Bijapur and Nagathan circle).
- 2. Bijapur · · · · · · Bijapur Municipality, the villages in Bijapur circle specified in item (80) of the appendix and Nagthan circle in Bijapur taluka.
- Kolhr circle and Bagewadi circle (excluding the villages specified in item (79) of the appendix), and the villages in Huvin-hippargi circle specified in item (78) of the appendix in Bagewadi taluka; and the villages in Dhawalgi circle specified in item (77) of the appendix, in Muddebihal taluka.

Now the proposals before Delimitation are as per encloser, which are to be taken in to consideration by your goodself and do your least—to keep in tact without any change as they were in the General Assembly Elections of 1972 for which you can refer the Delimitation of Patliamentary and Assembly constituencies order, 1966 published by Election Commission for your—reference

Newlyproposed Assembly constituencies and 1972 General Assembly constituencies Maps are also enclosed for your kind perusal. For Bijapur District two Reserved constituencies (SC) are proposed for Balloli & Mudhol. Our pray is that Balloli is having reserve constituency since 1952 that is to be shifted to Indi constituency as this comes next to these above said constituencies as far as the percentage of scheduled castes is concerned.
